Education

B. TECH | NETAJI SUBHASH UNIVERSITY OF TECHNOLOGY | 2020-2024

- Major: Instrumentation and Control Engineering

RPVV NAND NAGRI| 2019

- Class 12th: PCM with Computer Science
- Percentage: 86.6%

RPVV NAND NAGRI| 2017

- Class 10th
- GPA: 10

Skills/Coursework

- Data Structures & Algorithms
- Database Management System
- Operating System

Projects

Weather App

- A **Flutter Weather** application which can be used to get current temperature and other details.
- The application is consisting of three screens. Utilized many Flutter packages and Sliding up panel to enhance the functionality and visual appeal of the application.
- Implemented API integration with **OpenWeatherMap** to fetch real-time weather data for different cities. Demonstrated the ability to consume **RESTful APIs** and display the retrieved information in the application's user interface.

CHAT APP

- Developed a **Flutter** application consisting of four screens . Utilized many Flutter packages to enhance the functionality and user experience of the application.
- Implemented **Firestore** for user authentication and real-time database management. Leveraged Firebase Authentication for secure login and signup processes.
- Utilized **Firestore** as the database to store and synchronize user data, including chat conversations, ensuring seamless communication between users.

Skills

- Languages: C/C++, HTML, CSS, Python, JavaScript
- Developer's tools: Android Studio, VS Code, GitHub, Docker
- Frameworks: Flutter
- Others: MySQL
